Our Awards

Recognising Change-Agents from around the World.

Our annual Awards recognise and celebrate those doing incredible work within our community - **individuals and organisations using their platforms**, profile and roles **to drive cultural change for LGBTQ+ people**, making the world a more inclusive place. This might be by 'creating space' for others in their workplace, community or on a wider scale nationally or globally.

Our Partners

Community-Building & Creative Partnerships.

At *We Create Space*, we see the transformative power of community every single day. Because real change - cultural, personal, organisational - doesn't happen in isolation. We believe community-building isn't just a solution, it's the foundation. We're grateful to the **180+ global partners** who are committed to our mission, **supporting our initiatives**.

The Importance of Championing Inclusion, Connection and Growth.

"These initiatives are crucial to recognizing and honoring contributions that create spaces benefiting the community. By fostering connection, learning, and growth, we support queer leaders' personal and professional development and are proud to champion these efforts." – **La Cambra LGBTIQ+**

"Inclusion is at the heart of everything we do at VistaPrint. Partnering with We Create Space allowed us to celebrate the vibrant contributions of queer leaders and ensure every guest felt seen, valued, and inspired." – **VistaPrint**

"We're thrilled to have been part of such an inspiring event, proud to support this remarkable community and its vibrant energy." – **The Social Hub**

Our Gala

Showcasing the Diversity within the Community.
